

*Planning your Wedding.....
you should first consider*

The Birds and the Bees

A day full of wonderful and happy memories, the dream of every bride and groom. At The Birds and the Bees we take pleasure in helping you fulfil your dreams and being a family owned business, we are delighted to offer you that truly personal touch.

Tucked away on the edge of Stirling close to Bridge of Allan, The Birds and the Bees might easily be overlooked but once discovered, you will see why its glorious rural setting, overlooking the Wallace Monument and the Ochil Hills, could furnish you with your perfect wedding venue.

We will have pleasure in providing you with all the flexibility to tailor your special day to your exact requirements. We can even help with all those little and not so little details that can help to make a perfect occasion. You may even if you would like, arrange the Wedding Service in our private function suite or out in the Courtyard garden.

The Lomond Suite and the Courtyard Lounge can accommodate around 130 people and linked to this the award winning Garden Patio will allow up to 80 people to mingle in the sunshine.

Why not come along for a coffee and a chat with our General Manager Darren Mitchell, who will be delighted to listen to your wishes and help turn those wishes into a reality.
